

# Meeting the educational needs of EVERY CHILD

## The Leandro Plan

## Hoke County Schools

North Carolina's legislative roadmap for delivering the constitutional standard of education

Since 1994, the *Leandro v. State of North Carolina* court case has consistently shown that children are being deprived the sound basic education guaranteed by the state constitution.

### PROBLEM:

State funding hasn't kept pace with student needs, forcing districts to cut back on staff, services, supplies, technology, and facility upgrades.

### SOLUTION:

The Leandro Plan shows the state how to provide the required education standard by ensuring adequate funding and targeted support for the unique set of student needs in each district.

## HOW LEANDRO WILL SERVE YOUR COMMUNITY

*Under the Leandro Plan, the state would supply the following funding amounts by 2028:*

### Hoke County Schools K-12 PUBLIC EDUCATION

**\$26.3** MILLION  **41%** budget increase

that funding could provide:

**60** MORE teacher assistants

**10** Community School Coordinators

**64** MORE nurses, psychologists, counselors & social workers

(Instructional Support Personnel at industry-recommended levels)

**140%** increase in funding for textbooks, supplies & instructional materials

**\$1,315** per teacher for professional development

### Hoke County EARLY EDUCATION - programs for children birth to age 5

**\$7** MILLION

that funding could provide:

**88** MORE slots for NC Pre-K

**362%** increase in funding for Smart Start

**349** MORE children in the Infant-Toddler Program

## The Leandro Plan

maps out how **YOUR DISTRICT** can give children the education they're owed. **YOUR VOICE** is needed to convince lawmakers to enact the plan.
